CONFIDENTIAL REPORT

Report: Top Transactions Last 6 Months

Generated By: Admin User (admin)
Date: 2026-02-12 15:19:03

1. Executive Summary

Intent: Get top transactions with amounts and dates for the last 6 months

Business Summary

The dataset provides insights into the top transactions by amount for the last 6 months, offering a snapshot of significant financial activities. The data encompasses 64 transactions, with a mean amount of 56,592.70. This analysis aims to identify key trends and patterns in these transactions.

Key Metrics

- * Mean transaction amount: 56,592.70
- * Maximum transaction amount: 99,119.80
- * Top account numbers by frequency: PK90BANK00001141, PK49BANK00001102, PK47BANK00001161 (each with 5 transactions)

Trend Analysis

The data reveals a significant range in transaction amounts, with a standard deviation of 29,660.76. The top transactions by amount are scattered across different dates, with the highest transaction occurring on November 24, 2025.

Recommendations

- To further analyze and capitalize on these trends, we recommend:
- * Monitoring account numbers PK90BANK00001141, PK49BANK00001102, and PK47BANK00001161 for potential high-value transactions
 - * Reviewing transaction dates to identify patterns or seasonal fluctuations
 - * Developing targeted marketing strategies to attract and retain high-value customers
